Dear Paul,

After speaking with you this morning, we got a pretty good break. I found out David Bibeau was Woodbadge trained. Fortunately, our Council's Woodbadge Coordinator does a great job with records. Enclosed, please find records from 1977 on Mr. Bibeau from Woodbadge.

In the way of physical description, I have come up with the following: 34 years of age, dark hair - curly, wears glasses, medium build 5' 7" - 5' 8" tall.

Hopefully, this will provide you with enough information to place him permanently on the Confidential List. I appreciate the great job you all do to protect the local Council. I wish we had been able to be more responsive earlier on in this matter.

Please let me know if I can be of further assistance.

Sincerely,

W. Robert Hofmann

Please just complete as much information as you have available concerning this individual. We will then do our best to have this placed on the confidential file in this office. All of our cases must be reviewed with our corporate attorney before they can be on the permanent file.

Thank you again for your help.

Dear Bob:

I really appreciate the information you gave me concerning the above-named individual. I understand the difficulty in trying to reconstruct something that has happened in the past.

We would like a Confidential Record Sheet completed to the best of your ability. I am sending you another one to make certain you have the proper form available.

If you can convince the volunteer that we are only trying to protect the youth of America, perhaps he will give you more information or the names of the parents. A statement from them would certainly help to strengthen our case on file.

Thank you for your help.

Dear Bob:

Thank you for your letter of September 18 concerning the above-named individual. This information is most helpful, but I do not know if this undocumented information would enable us to have a confidential file which would lead to refusal of registration attempts.

If Mr. Bibeau still lives in your council and you could complete a Confidential Record Sheet, I would certainly place him on the file in a "probationary" status, which would alert any council where Mr. Bibeau tried to register.

I believe the sexual abuse charges are very pertinent, but without having the names of individuals or the dates when anything happened, we are left with very weak information which would support our registration refusal.

The original telephone call came to our office in October of 1986 from Jim Battles.. Unfortunately, no further information came to us which would help to support, at that time, refusal of registration attempts.

Let me know if I may be of further help to you. I am enclosing a Confidential Record Sheet for your use if you feel that you can get the necessary information for completing this. Thank you for your help.

Sincerely,

Paul Ernst, Director

Mr. Paul Ernst, Director

Dear Paul,

John Green has asked me to respond to you with information on a former volunteer in our council by the name of Dave Bibeau. I have already given the information I have uncovered over the phone to Claire Miller in your office. Let me recap for you what I have found out.

Mr. Dave Bibeau was formerly the Scoutmaster of both Troop 4 and Troop 15 here in the Great Southwest Council. Both troops currently are not in service and he currently holds no registration with our council.

Concerning possible reasons to have him on the BSA Confidential List, I have found two disturbing pieces of information. One, alleges that some parents a few years ago, complained that Mr. Bibeau had sexually abused their son. There is only one volunteer left that knows the background on this and refuses to discuss the matter further. I was not able to get the names of the parents.

Another item we have found is that Mr. Bibeau supposedly has an arrest record for having chained himself to a road sign in protest of a new road that was disturbing his business.

I have contacted both Andy Braman, Assistant Scout Executive, Lubbock, Texas and Jim Battles, Field Director, Alamo Area Council who were both former Field Directors of Great Southwest Council to provide you with the information I included in this letter.

John Green and I are both eager to have a satisfactory conclusion to this matter. We would be agreeable to filling out a Confidential File form if we do indeed have enough information to substantiate it.

If I can be of further assistance to you please let me know.

Sincerely,

W. Robert Hofmann

SUBJECT: Dave Bibeau

Dear John:

I am very concerned about our lack of communication concerning the above-named individual. We received a telephone call in October of 1986 concerning the above-named individual. It was indicated he was registered in Troop 15 at that time.

We have no file on this person and if he should be placed on the confidential file, we really need some material which would substantiate our refusal of registration attempts.

We have also sent a Confidential Record Sheet on several occasions and have had no response concerning this. We must have some personal information which would enable us to identify Mr. Bibeau should he attempt registration in some other council.

Please write or call me concerning this so that I may close this file in one way or another. Thank you for your help.
